INDIA'S FIRST PORT-BASED E-METHANOL FACILITY

Foundation laid: **26 September 2026**

Kandla, Gujarat

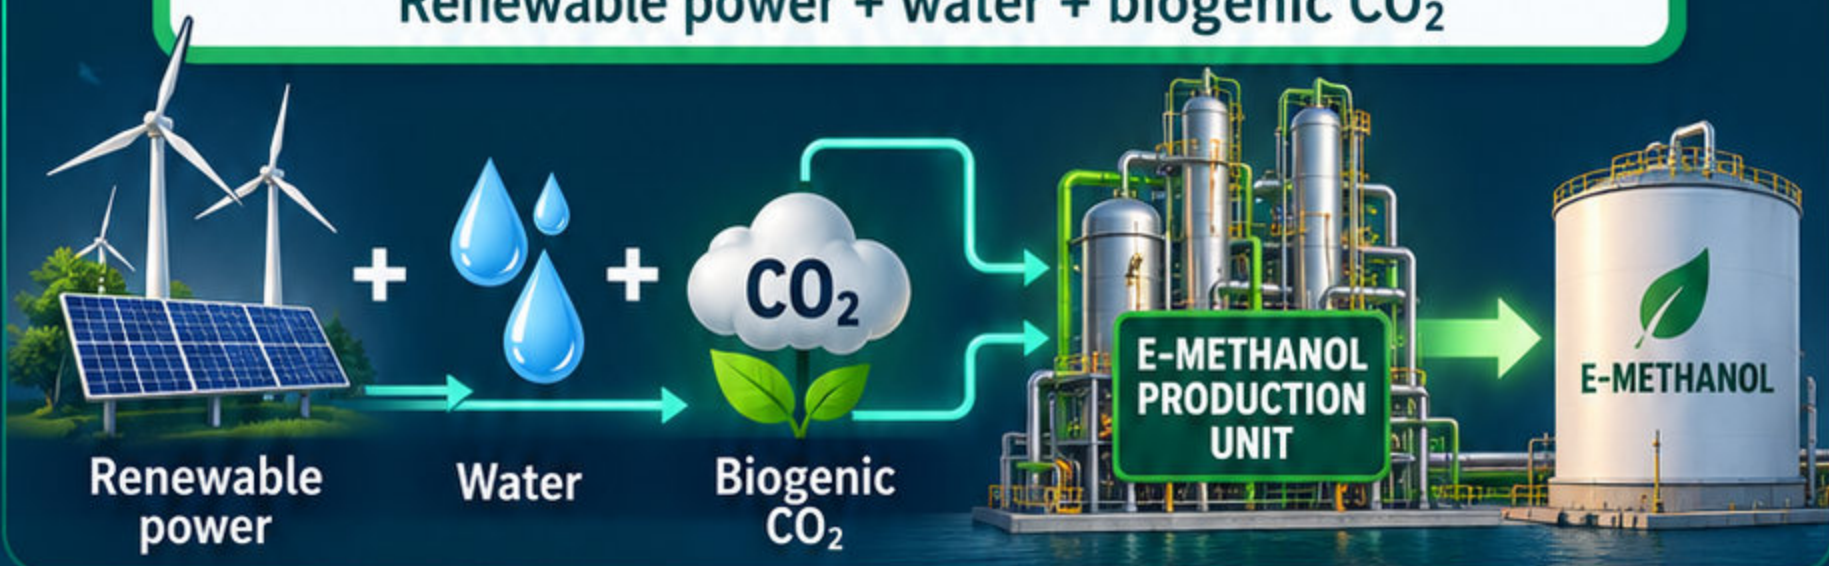

Deendayal Port Authority

₹2,300 CRORE | 150 TONNES/DAY

HOW E-METHANOL IS MADE

Renewable power + water + biogenic CO₂

TWO-PHASE BUILD

Phase I: 50 tonnes/day • ₹1,200 crore • Jan 2027

Phase II: 100 tonnes/day • ₹1,100 crore • Mar 2027

WHY IT MATTERS

Cleaner marine fuel • Asia–Europe shipping corridor
Green-fuel exports • Maritime decarbonisation

Partners: Deendayal Port Authority + Assam Petro-Chemicals Ltd

RABI CAMPAIGN 2026

National Conference • 28–29 September • New Delhi

WHAT'S NEW

Two-day national conference convened by the Department of Agriculture & Farmers' Welfare to coordinate preparations for the winter crop season.

RABI BASICS

Sowing: October–December

Harvest: April–June

Major crops: Wheat • Gram • Mustard • Barley • Peas

WHY THE CONFERENCE MATTERS

- Centre–State coordination before sowing

- Review of inputs, irrigation and crop planning

- Focus on productivity and climate resilience

27 SEPTEMBER 2026 • **CLEAR EXAMS**

- PICME registration and RCH ID required
- Covers babies born from 22 June 2026

DELIVERY SYSTEM

1.28 lakh rings
procured for
the first phase

107
distribution
hubs

Unique serial
number • Tamper-proof
pack

POLICY PURPOSE

Promotes institutional delivery, maternal-child welfare and trust in public healthcare.

27 SEPTEMBER 2026 • CLEAR EXAMS

BHARAT MARITIME INSURANCE POOL

India's first domestic maritime
insurance pool

FINANCIAL SHIELD

₹13,906.5 crore
underwriting capacity

₹12,980 crore
sovereign backing

WHAT IT COVERS

Hull &
Machinery

Cargo

P&I

War Risk

WHO CAN USE IT?

Indian-flagged vessels;
ships owned, managed
or controlled by Indian
entities; and cargo vessels
arriving in or departing
from India.

EARLY RESULTS

3,000 Cargo War policies

92 Hull War-risk policies

3 Protection & Indemnity
policies

War-risk premiums down
about **35-40%** from peak levels

WHY IT MATTERS

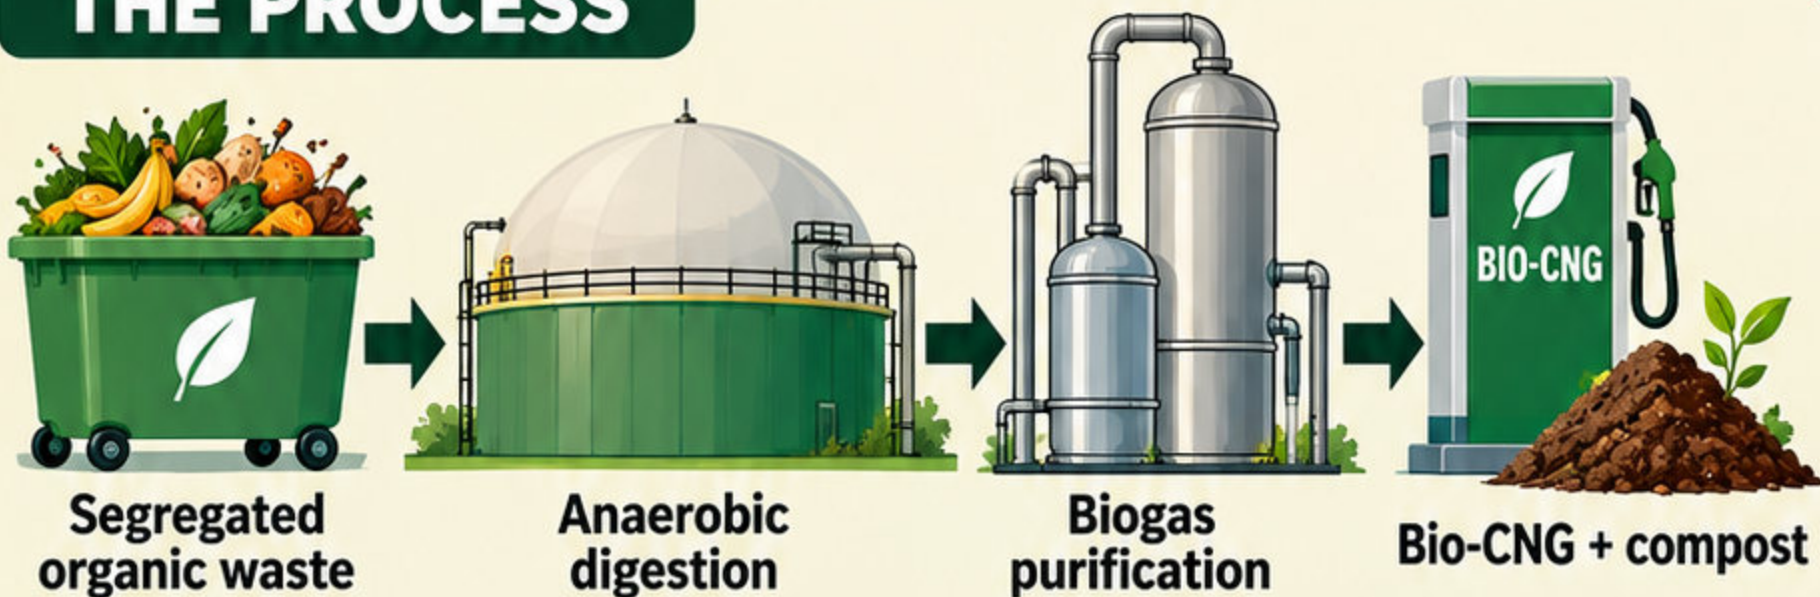

Reduces dependence on foreign insurers
and protects maritime trade during
geopolitical disruptions.

POWER FROM WASTE

Prayagraj Bio-CNG Model

27 SEPTEMBER 2026

THE PROCESS

CAPACITY & OUTPUT

343 tonnes

organic waste processing capacity per day

21 tonnes

Bio-CNG potential per day

28 tonnes

high-quality compost per day

WHY IT MATTERS

Less landfill pressure

Cleaner transport fuel

Lower methane emissions

Nutrients returned to soil

POLICY CONNECTIONS

Swachh Bharat Mission–Urban • GOBARdhan • SATAT • Circular Economy
